

Rheumatism, Sprains Backache, Neuralgia

"Yes, daughter, that's good stuff. The pain to my back is all gone—I never saw anything work so quickly as Sloan's Liniment." Thousands of grateful people voice the same opinion. Here's the proof.

Relieved Pain in Back.

"I was troubled with a very bad pain in my back for some time. I went to a doctor but he did not do me any good, so I purchased a bottle of Sloan's Liniment, and now I am a well woman. I always keep a bottle of Sloan's Liniment in the house."—Miss Annie Connelley, 101 Myrtle Ave., Brooklyn, N. Y.

Sciatic Rheumatism.

"We have used Sloan's Liniment for over six years and found it the best we ever used. When my wife had sciatic rheumatism only using that did her any good was Sloan's Liniment. We cannot praise it highly enough."—Mr. F. J. Perry, Des Moines, Iowa.

Sprained Ankle Relieved.

"I was ill for a long time with a severely sprained ankle. I got a bottle of Sloan's Liniment and now I am able to be about and can walk a great deal. I write this because I think you deserve a lot of credit for putting such a fine Liniment on the market and I shall always take time to recommend Dr. Sloan's Liniment."—Mrs. Chas. Jones, Baltimore, Md.

SLOAN'S LINIMENT

At all Dealers—25c., 50c. and \$1.00. Sloan's instructive book on horses, cattle, hogs and poultry sent free.

THREE THOUSAND HOGS IN THE ARTESIA BELT

Census of Live Stock Shows that Pkers are Becoming Important Part of the Industry.

Artesia, N. M., March 26.—A census of the hog situation around Artesia recently taken by W. F. Hollister, shows that there are now over 3,000 head in this section of the valley.

Of this number 34 are registered animals of the best type which have been shipped in within the past year.

While there are a number of herds which range well up in the hundreds, by far the larger part of them are held by farmers who are starting small with the idea of building up their herds. The largest herd in this part of the valley is that of the Lanning ranch, which numbers 400 head. Several farmers have herds of 50 and 100 head each.

When one stops to think that three years ago there were less than one thousand hogs around Artesia this number seems wonderful and that

the farmers are coming to realize what this industry means for the valley is shown by the fact that hardly a month goes by but what some registered animals are shipped.

Getting down to exact figures, the census shows that there are 3,120 grade hogs within a radius of seven miles of Artesia. Of this number about 1,000 are in small herds.

At present there are 94 head of registered animals in this part of the valley. The larger part of these are Duroc Jerseys, while the balance are Poland Chinas.

All who have shipped in hogs have spared no expense to secure the best that could be gotten. Three years ago there was not a registered hog around Artesia.

Conviction Born of Experience.

The man who has used Chamberlain's Cough Remedy and watched and felt and realized its remarkable curative properties will tell you that it has no superior for coughs and colds. The remarkable success of this preparation added by the person who has been cured by it has made it one of the most popular medicines in use. Try it when you have a cough or cold and realize for yourself what a first class cough medicine will accomplish. For sale by all druggists.

We have just received a big assortment of up-to-date bicycles for sale and exchange. Black buckles, cut-steel buckles and rhinestone buckles. Prices run from 25c to \$1.25 a pair. Come and see them. C. May's Shoe Store, 214 West Central avenue.

Livestock News and Gossip of New Mexico

LIVESTOCK.

NEWSPAPERS from all sections of the state for the past week again report range conditions which are generally very satisfactory. A considerable movement of cattle is reported from several sections and the sheep interests generally are well pleased with the conditions for lambing, with every prospect of a high percentage of saving. In southwest New Mexico the Angora herds are being clipped, with better returns than for some years past.

Robertson and Ward, Artesia, last week sold two cars of cattle to the Hale Cattle company. They had held the cattle only a few weeks and made a good turn. They have purchased five more cars which will go on their ranch west of Artesia.

J. Taylor of Juniper canyon, near Carlsbad, has marketed his Angora clip of 2,000 pounds of mohair in Carlsbad.

C. T. Adams has returned to Carlsbad from San Antonio, Texas, where he has been looking after 7,000 head of sheep which he has on pasture in that country. He says his sheep are fat.

Robert and Ted Liles left Socorro last week for their ranch in the Otero mountains, taking with them a big bunch of cattle picked up around El Acacio.

Latham brothers, at Hillsboro, are getting ready for their lambing season. They report that the feed is coming up in great shape and that all that is required now is warm weather, there being a fine season in the ground.

Bob Burrus and H. C. Keen, of Estancia, have sold to M. H. Hunter of Fort Sumner, 225 head of yearling steers, to be delivered at Estancia, or at Willard, at the option of the purchaser.

Ed Hall and Clyde Bloodgood of Hillsboro are gathering the Bloodgood cattle which they purchased from Pryor Nunn, the receiver in the March Bloodgood suit. The cattle are being moved to the Hall ranch near Nutt in Luna county.

Shearing of goats has commenced on the ranches of Mrs. Arner in Sierra county and also at other ranches around Hillsboro, Lake Valley and in western Grant county.

W. F. Faggard of Portales sold quite a bunch of cows at that place last week for \$60 a round.

E. W. Knepper shipped a big bunch of cattle from Nara Visa, Quay county, last week to Yuma, Arizona.

A meeting of the Cochise Cattle Growers' association will be held at the court house in Flagstaff, Arizona, on April 1, 1914.

A meeting of the Apache County Live Stock association will be held in St. Johns on Saturday and members from all over the county are expected to be present. In the evening the association will give a grand ball at Overton hall.

Art Sanders left this morning for Flagstaff where he will complete the sale to Habbit Bros. all his interests in the various brands of cattle on his range near Penasco. While the consideration was not large, it is said that the deal involves something like \$50,000. Mr. Sanders has purchased a big interest with Tom Tucker in the Long H brand, ranging in Apache county.—Holbrook News.

It is grand larceny to steal a burro in Arizona, regardless of the fact that the ordinary burro is worth \$3 or less. Prospero Encinas has been arrested on that charge at Hayden, Maricopa county, by Deputy Sheriff W. B. Nash upon request of the Pima county authorities. Emilio Ybarra lost the burro.

About 1650 have been raised for prizes to be given for the winners of the cowboy sports at the Prescott Frontier day. Ten of the toughest broncos from New Mexico have been shipped besides them there will be 25 to 40 Arizona well known "bad" ones who have the reputation of making things lively for the man who tries to ride them.

Buyers are coming into Arizona slowly, but the general opinion seems to be that prices will range slightly higher than a year ago. Prices offered that have been reported indicate about \$28.50 for yearlings, \$30 for cows, \$32.50 for two-year-olds, and \$35.50 for three, delivered at Phoenix. Globe delivered \$30 for yearlings, \$35 for cows, \$39 for three, \$27 for shelly cows, and \$34 for good cows.

The Cochise County Stockgrowers' association closed a very successful and enthusiastic meeting, at Wilcox, Wednesday noon. The Kent leasing bill, now before congress, was approved and the Arizona delegation in congress was requested to support the bill. The state land commission was opposed in their efforts to prevent the purchase of valley lands by script.

Pigs-a-plenty thinks John A. Harrison. He owns an old red sow that he brought from north years ago. The other day she had a litter of sixteen pigs and they had to call in a nurse to care for the herd. This is the record litter so far in the red pigdom that he and W. H. Harrison own down by Malaga.—Carlsbad Current.

Chamberlain's Tablets.

These Tablets are intended especially for disorders of the stomach, liver and bowels. If you are troubled with heartburn, indigestion or constipation they will do you good. Try them. For sale by all druggists.

WOOL MARKET STILL SHOWS UPWARD TENDENCY

Boston Continues to Predict Further Advances in Spite of Comparatively Small Volume of Business.

The Boston Commercial Bulletin, reviewing last week's wool market, says in part:

Despite the moderate business which has been accomplished in wool during the past week, values appear to tend upwards with the same inflexibility that characterized the administration of the ancient law of the Medes and Persians, although the level of values is hardly equal to the closing at London even yet. Prices are high and yet the basic conditions underlying the market are unquestionably sound.

Supplies of old domestic grease wools are extremely limited and buyers who want certain domestic wools for blends frequently find the utmost difficulty in getting what they want, even in the smallest quantities. Undoubtedly many of the better early shorn clips will find quick transit to the mills.

Idle Machinery Decreases.—The percentage of idle wadded and woolen machinery in the country has decreased considerably since December 1, according to the summary of the canvass of the National Association of Wool Manufacturers just issued from the office of Secretary Marvin. The figures in this will be found elsewhere in this issue. It will be noted that the percentage of idle machinery is at the lowest of the month, when the canvass was made.

Good Prices Advancing.—Further advances are reported this week on staple woads goods. This is the local consequence of the advance in raw materials. Doubtless at the advance buyers will show increased desire for goods, which they were disposed to ignore on the lower level of prices.

Yarn spinners and topmakers are running fairly well on old orders but spot business is not heavy although prices are naturally well maintained.

The Western Situation.—Considerable variance of opinion is prevalent as to the quantity of wool under contract. Some well-posted operators in the far west assert that close to 50 per cent of the wool clip, or about 80 million pounds, is now under contract. Others think that this estimate is excessive and that not over 25 per cent of the clip, or about 40 million pounds has been taken. In like manner some estimate that half of the Montana clip is already contracted and others think that not over 25 per cent has been taken.

In Montana 18½ cents has been paid for staple half blood clips and average woads have brought 18 cents. We have it on the authority of a leading operator that 19 cents has been paid for a choice clip in Montana. Some growers are refusing to accept less than 20 cents and 19 cents is not infrequently demanded in The Triangle.

In the Yakima valley manufacturers have begun to buy some of the early shorn woads and it is figured that these woads will cost, laid down in the east, about 55 cents, clean basis.

Purchasing Contracts.

Some further purchases of contracts of the earlier woads appear to have been made but it does not seem likely that any large volume of business has been put through in this way, although it is not easy to tell just how extensive these transactions have been.

Prospects and Prices.

Just what the remote future will show is hard to tell but it would be extremely difficult to find anyone who would predict other than firm prices in the immediate future.

Ohio Fleeces.

Sales of Ohio fleeces wool have naturally been limited in size and number. A small quantity of three-eighths combing changed hands at 25 cents. Some half-bloods and three-eighths clothing brought 22½ cents and some fine unwashed clothing sold at 22 cents, besides which some odds and ends were cleaned up at various prices.

Michigan.

Sales of Michigan fleeces have been of no importance this week in the market except a few lots of some fat sheep woads, which have brought to a limited extent 21½ to 22 cents.

Missouri.

We hear of no sales of bright woads of any kind here or in the country this week. Prices are, therefore, quoted nominally.

The demand for pulled wool appears at length to have cleaned out the New York market of the March accumulations. Full asking prices, namely, 27 cents for A woads. As are understood to have brought 25 cents and fine combing 28 cents. Some of these last came to the Boston trade.

Territory.

Sales of territory wool have been very limited this week and have been very largely of lately arrived woads. Some consigned wool has been sold on the basis of fully 85 cents for average clothing original woads. There is little grease territory wool to offer here at the present moment.

Sales of the new Arizona are reported again this week at around 25 cents, or a clean cost approximating 55 cents. The sales of contracts above referred to are understood to have been for clips of average half-blood grade and are reported on the estimated clean basis of about 57 to 58 cents.

Texas.

A small quantity of Texas twelve months wool is reported to have been sold this week at a clean cost of about 45 cents.

Orpheum opens tomorrow night.

THINKS STOCKMEN WILL GET RELIEF FROM CONGRESS

Roswell Cattleman Back From Washington Where He Had Personal Interview With President on Range Matters

(Special Correspondence to the Herald)

Roswell, N. M., March 31.—Charles Walker, one of the "specie" envoys sent by the eastern New Mexico stockmen to take the petition of the stockmen of this section to the president of the United States asking for some relief regarding the public domain, either by purchase or lease, has returned, and is very sure that some action will be taken by the federal government which will insure to the advantage of the western stockman, and of course to the whole country by making a larger supply of meats.

Mr. Walker and Richard de Granteau of Buchanan, N. M., presented the petition personally to President Wilson. An interview was arranged for them through Senator Thomas B. Catron, from New Mexico.

He said that he was glad to meet the stockmen from the west and southwest and to get all the information he could regarding the public domain.

Mr. Walker also stated that Mr. Wilson seemed to be much interested in the proposed measure regarding the federal protection to the stockmen.

He and Mr. De Granteau and O. P. Wilson attended the Press club banquet while in Washington, and heard the great speech of the president that night.

Mr. Walker thinks that soon the stockmen will get federal relief regarding the public domain.

A meeting of the stockmen will be called in a few days to hear the official report of the representatives to Washington, and take other action that seems necessary.

J. SAM BOOSTMASTER ON THE JOB AGAIN WITH CRACK NEW SHOW

The Orpheum theater has had about as time and again; some good and some bad. Just as all Albuquerque houses have had. You must see a bad one to appreciate a good one once in awhile. So it's worth while to go to the "White Crooks and White" company has to show. If all happens for ten cents, and they have the eminent amusement booster J. Sam Houston (himself), to yank the publicity. J. Sam is known to be the most original and pleasing press agent from the circus game to boosting Greater Albuquerque.

J. Sam's latest show opens Thursday night, at the Orpheum and is said to have many novel features.

BIG TERRITORY IS SWEEPED FOR THE CATTLE MARKET

Receipts Still Five Thousand Short of Same Week Last Year in the Kansas City Market.

(Special Correspondence to the Herald)

Kansas City Stock Yards, March 31.—Cattle receipts here last week originated over widespread territory. Montana, Idaho, Utah and Arizona contributed, besides delegations from intermediate states and nearby territory. But with all this drag-netting of the supply horizon, total receipts at Kansas City fell off more than 5,000 head from the same week last year about 25 per cent. Prices on steers declined 10 to 15 cents and stockers and feeders lost as much, but choice light steers and heifers sold stronger, and cows held steady. The beef market is sick, according to packers, and reports from better supplied markets indicate a most unsatisfactory state of trade. Chicago denominated their cattle trade as "suffering from semi-paralysis." Supplies today are fairly liberal to all points, 12,000 head arriving here. Prices on choice light steers and good heifers are steady, but most of the cattle are ground, 10c lower some sales lie off. No prime natives are coming, good to choice steers selling at \$5.50 to \$5.85 1-4; bulk of steers, \$7.75 to \$8.50; buy and pulp fed western steers, \$7.60 to \$8.40; meal and cake fed quarantined cattle, \$7.00 to \$8.00, including six cars of 1900-pound steers today at \$7.80 from north Texas. Stockers' climate, believing as they do that few sales up to \$8.15. Bulls and veal calves are off half a dollar from a week ago, and stock calves are lower, though some sold at \$3.40 today. Hogs met reverses the latter half of last week, but with some signs of returning strength Saturday. Receipts are running almost equal to last year, but weights average 50 per cent lighter this year. Sales are steady to 5 cents higher today, top, \$8.80; bulk, \$8.30 to \$8.52. Packers are in need of material, but they use every device possible to keep the prices down, including the heroic method of staying out of the market. Without genuine indifference, however, the market can not be kept down, and a return of better prices is the forecast. Sheep and lambs have gotten away from buyers and advances of 15 to 40 cents have been made since last Thursday. Lambs sold freely at \$5.25 today; ewes at \$6.00 to \$6.20, and a big consignment of Texas muttons sold quickly at \$4.40. Texas goats, \$4.50. Texas fed lambs, a new offering on the sheep house bill of fare this week sold at \$7.85 Friday. Receipts are 13,000 today and will be fairly liberal later this week, circumstances that had no effect in preventing a strong to 10 cents higher market today.
